

What Men Need to Know About Divorce

THE WORKSHOP will explore the legal, financial, psychological, tax and parenting issues of divorce. The goal is to provide you, in a concise and logical fashion, with the tools you will need to navigate the challenging waters of divorce.

THE WORKSHOP is an excellent supplement to professional advice. You will learn what to expect and how to prepare. Divorce professionals can charge \$250 to \$500 or more per hour for advice. THE WORKSHOP will give you the basic knowledge you need to choose and utilize these professionals wisely so as to achieve optimum results while saving time and money.

For those of us with children, parenting issues can be extraordinarily important.

THE WORKSHOP will include subjects such as support, co-parenting plans and ways to mitigate the effects of divorce on your child.
